

# Voyager

Integrated Home Audio System with Portable Wireless Speaker

## A speaker that speaks both powerful and portable

There's nothing better than being utterly original: introducing the JBL Voyager, the only wireless home audio system that incorporates a detachable wireless speaker. With Voyager, you get both power and portability. For starters, the dual drivers and subwoofer bring you all the sonic muscle-power of a full-range JBL home audio system, complete with aux-in and USB ports for charging your smartphones and tablets. But that's just half the fun: you can easily undock the portable Bluetooth® speaker out of the main system and roam throughout your home or office, taking it anywhere you like. With the portable speakers' custom drivers, its 5 hours of uninterrupted playtime, and its speakerphone system equipped with SoundClear® echo cancellation technology, you have on your hands – and in your hands – a groundbreaking device from JBL.

## Features

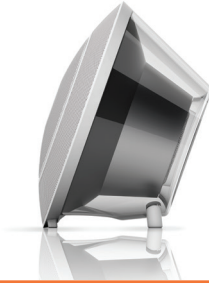

- ▶ Combination portable speaker and subwoofer docking system
- ▶ Complete 2.1 system with dual drivers and hard-hitting subwoofer
- ▶ Detachable portable speaker with built-in Bluetooth® streaming and 5 hour battery life
- ▶ Equipped with advanced SoundClear® echo/noise cancellation technology

# Voyager

Integrated Home Audio System with Portable Wireless Speaker

## Features

### Combination portable speaker and subwoofer docking system

It's a concept others can only imitate, since JBL got here first: introducing a powerful home audio docking system that comes with a wireless speaker fitted into its core that's both portable and easily detachable.

### Compete 2.1 system with dual drivers and hard-hitting subwoofer

The performance-tuned drivers deliver full-range acoustics that can be streamed wirelessly. And the built-in subwoofer just speaks for itself, capable of producing powerful, room-filling audio.

### Removable portable speaker with built-in Bluetooth® streaming and 5 hour battery life

Not only does JBL Voyager's portable Bluetooth® speaker let you roam free, it also features a conferencing system boasting SoundClear® echo/noise cancellation technology and advanced microphones. And with a built-in rechargeable battery that gives you 5 hours of power, you can talk and listen as long you want.

### Equipped with advanced SoundClear® echo/noise cancellation technology

Every call sounds perfect with SoundClear® noise and echo cancellation technology. Now calls from home and on the road are clear and easy to understand.

## What's in the box:

- 1 JBL Voyager (includes a detachable portable speaker)
- 1 JBL adapter
- Quick Start Guide
