

SYNCHROS S500

Powered over-ear stereo headphones

Sound that's meant to be seen in.

Introducing a powered headphone like none other on the market today. Precision-made in a lightweight, durable design, the JBL S500 ushers your senses into uncharted terrain when it comes to listening. Modeled after the same JBL sound systems used in the world's most prestigious clubs, the S500 delivers a balanced audio experience with JBL Professional Audio sound and deep, powerful PureBass performance. Proprietary LiveStage™ signal processing technology enhances the acoustics to create a more lifelike listening experience, while a pair of AAA batteries empowers you to enjoy 20 hours of LiveStage technology straight without any skimping on sound quality. Available in Onyx and Glacier, these headphones are compatible with iOS and other smartphones. A powerful new design that's built from real materials – and invested with revolutionary technology – the S500 has trendsetter written into its every last detail.

- ▶ Available in Onyx and Glacier

SYNCHROS S500

Powered over-ear stereo headphones

Lightweight steel headband and leather ear cushions

Headphones that offer uncompromising durability, while offering stylish comfort for the listener.

Proprietary LiveStage™ signal processing delivers a more lifelike sound experience

JBL's LiveStage™ digital signal processing enhances headphone audio to recreate the experience of listening to a live performance.

JBL Professional Audio Sound with PureBass performance

Scientifically designed earcup acoustics and a premium 50mm driver are at the heart of JBL Professional Audio performance, bringing you all the raw power and clarity of pulsing bass - the kind you'd expect from the world leader in concert sound. The result speaks for itself: JBL clarity of sound no matter the frequency or volume, letting you enjoy the deepest-hitting drums without sacrificing even a hint of sound quality.

Powered by 2 AAA batteries allows for 20 full hours of on-the-go precision listening with JBL LiveStage™ technology.

Compatible with your choice of either iOS or Android devices

Detachable cable design with an iOS 3-button remote/microphone cable and a universal 3-button remote/microphone cable included, giving you the flexibility you need for on-the-go listening.

Available in Onyx and Glacier

The Synchros S500 comes in a two color schemes as dynamic and bold as your own taste in music.
